

Release 2025.10 (11/08/25 -)

General Overview & Impact

New Credit control

Further work has been done on the new Credit Control process, these changes will not be noticeable until the New credit control process goes live, however the work done here is contributing to the development of a more complete credit control system.

- ☐ Credit Control - Telephone Action - [PBI/18098](#)
- ☐ New Credit Control Page with updated table - [PBI/20104](#)

App

Further work has been done to ensure users are able to make a Network payment via the App.

- ☐ Network in App - Vio API Changes - [PBI/19269](#)
- ☐ Network in App - Mobile App Changes - [PBI/19404](#)

General improvements

Orbit

Further work has been done so that existing Orbit hubs can be migrated over to the new multiple supply structure. Additionally, new endpoints have been created in Orbit API to account for the concept of adding, updating and getting a list of supplies in Orbit for this new multiple supply structure.

- ☐ Orbit API- Migration Script to add supply - [PBI/20949](#)
- ☐ Orbit API- Create SuppliesController with CRUD endpoints - [PBI/21349](#)
- ☐ Orbit API- Create SuppliesController with CRUD endpoints - [PBI/20951](#)

- ☐ Orbit API- Create SuppliesController with CRUD endpoints - [PBI/21350](#)

Direct debit Robots

Work has been done to move our direct debit robot into the more efficient Azure Function.

- ☐ Direct Debit Robot - BACS - [PBI/20562](#)

Statement reversal

Work has been done to improve the statement reversal process so that statements no longer get locked in reversing when failing.

- ☐ SSG - Implementing Locked Flags on Reversals - [PBI/21048](#)

Other

The below work has been done to improve the overall user experience and reduce the likelihood of bugs moving forward, this includes

- ☐ Delete unnecessary code (Invoice) - [PBI/19531](#)
- ☐ New Property Owner - No Error Validation for Tenancy overlap - [PBI/20091](#)
- ☐ Ability to attach Zip files to notes in Mabdeck - [PBI/20096](#)
- ☐ Placeholder for Billable Person Name - [PBI/20601](#)
- ☐ Add EVI as Meter Manufacturer in Mabdeck - [PBI/21577](#)

Fixes

- ☐ Error generating a Financial transactions Report - [Bug/21542](#)
