

# Release 2026.1 [15/01/2026]

## General Overview & Impact

### **New Credit Control**

This release has seen further improvement on the New Credit Control functionality. This includes updating the feature flag to exclude Old Credit Control and its features. These will remain on the front end until New Credit Control is live.

- ☐ Update New Credit Control Feature Flags to exclude old Credit Control - [PBI/22648](#)
- ☐ New CC Email Actions - Update Character Limit for Subject and Body fields - [PBI22936](#)

### **Hubs**

We've continued to improve the hubs section in this release. Some of the features include adding messages when there is no active supplies or when no hub is added into a property as well as restricting adding a hub end date for hubs in PAYG mode. We have also updated the currency to match the currency set up on the client.

- ☐ Hub Information - Adding message for no active supplies - [PBI/10830](#)
- ☐ Hub Information - Message for when no Hub is added to the property - [PBI/20405](#)
- ☐ Hub Information Currency to match client currency - [PBI/8003](#)
- ☐ Endpoint for validation of Orbit setup - [PBI/21503](#)
- ☐ Restrict Editing a hub end date for hubs in PAYG mode - [PBI/15879](#)
- ☐ Change Hub Vend Limit - EE Monitor ONLY - [PBI/22336](#)
- ☐ Refactor Hub Adjust Debt - [PBI/21380](#)
- ☐ Refactor Hub Snapshot - [PBI/21486](#)
- ☐ Refactor Hub Valve Control - [PBI/21488](#)
- ☐ Refactor Hub Vend - [PBI/21491](#)

## General Improvements
